MuViT™ Digital Dual Feed

Use the direct motor-driven foot to powerfully feed fabric from the top and bottom, giving you greater control.

Automatic Height Adjuster™

The AHA® feature helps ensure consistent stitch length on all fabric thicknesses by keeping the presser foot pressure steady regardless of fabric thickness, leading to consistent stitch quality across uneven surfaces.

V-Sonic™ Pen Pal for sewing

Touch the fabric with the sensor pen for needle placement, setting the stitch width and setting the endpoint.
